Dear Sir or Madam,

<http://www.pendletoday.co.uk/ViewArticle2.aspx?SectionID=13&ArticleID=1806590>

The case of the largest ever haul of chemicals used in the manufacture of explosives, involving a Dentist who stood as a candidate for the British National Party in the recent elections and was involved in the formulation, with others, of a racist 'master plan'.

The men were remanded in custody and will appear at Burnley Crown Court on October 23.

Why was this story not reported ANYWHERE by the BBC? There is more than enough newsworthy content here and the case is a matter of public interest given fact that one of those involved is a public figure.

I look forward to your response.

Regards,
